

JOB SEEKER RESOURCE

ABSTRACT

Job seekers often struggle to find reliable resources, guidance, and tools during their career preparation. The **Job Seeker Resource Portal** provides a centralized, user-friendly web platform that organizes essential resources in one place, including resume templates, curated job portals, free online courses, and interview tips. Built using **Flask** for the backend and **HTML/CSS** for the frontend, the portal is lightweight, intuitive, and easily deployable online. By consolidating critical job preparation materials, the system streamlines the search process and empowers candidates to efficiently plan and execute their career development strategies.
